

Selection system 1K AUTOBASE PLUS

We offer you to upgrade to a higher quality for a lower price.

We invite you to the test at the Training Center

- Upgrade to a higher quality if you:

- use a system for the selection of car paints of a competitive brand;
- average consumption of car paint more than 20 liters per month

We offer high-quality goods made in Italy, which will give you an advantage over competitors who use goods made in Poland, China, Turkey and similar manufacturers by tradition, with different product quality.

Benefits:

1. Made in Italy (100% quality guarantee)!
2. Availability of color formulas by 2020 and constant updating!
3. A price that allows you to replace the finished color.
4. Mixing system 1: 1-0.8 for base components.
5. The presence of a spectrophotometer for the most accurate and convenient use.
6. Monochromatic colorbox with live coloring for 16000 formulas
7. Monochromatic colorbox with live coloring for 32000 formulas
